Re: Future Blue, Inc. v. Does 1 – 300
v.
Does 1 – 300
Civil Action No. 1:10-cv-06256
U.S. District Court for the Northern District of Illinois

Dear Mr. Steele:

I have received a letter from Comcast with the attached Order and Subpeona regarding the above-referenced case. I am contacting you to request information regarding this case and assistance in quickly and cost-effectively resolving this matter without securing an attorney or making a Court appearance.

First, let me say that I, personally, absolutely deny uploading and/or downloading any movies or information, which would infringe upon Future Blue, Inc.'s copyrights. Actually, I do not even own a computer and admit that I am somewhat computer-illiterate. However, there are two other occupants at my residence who I cannot absolutely refute as possibly inappropriately or unintentionally downloading material onto their computer.

Second, in an effort to determine that this is a legitimate case, could you please provide specific information as to the movie or material that was allegedly downloaded/uploaded rather than a just a time frame? I would like the option to investigate that this information was actually downloaded via my assigned internet protocol address.

Further, I am willing to cooperate and provide further information related to this incident, if needed. Please respond at your earliest convenience with information on how

Mr. John Steel

this can be settled in an expedient manner. Thanking you in advance for your assistance in this matter.

Sincerely,

Barry Fuqua
